Subject: Ross Site Walkover and Consultation

Dear Tribal Representatives,

On September 13 and 14, the NRC hosted a site walkover and consultation for the proposed Ross uranium recovery project in Oshoto, WY. While some tribes did attend, we realize that competing priorities prevented all of the tribes from being represented.

In order to accommodate those tribes that could not attend the first meeting, the NRC is hosting a second and final site walkover on Wednesday, October 26th followed by a consultation meeting on Thursday, October 27th. Please contact me by Thursday, October 13, so that we can make the necessary arrangements if you plan on attending this meeting. Logistical information will be provided at a later date.

Respectfully,

Alan B. Bjornsen
