RE: Amendment to Radioactive Materials License No. 29-28620-01

03032123

Dear Mr. Dwyer:

For the past 5 years, I had been the Radiation Safety Officer at Smiths Detection in Morristown, New Jersey. Formerly, our facility had been located in Warren, NJ as well as Pine Brook, NJ. In March of 2011, we had amended our NRC materials license, changing the RSO duties to another employee named Peter Daphnis. Unfortunately, as of August, 2011, Peter Daphnis has left Smiths Detection, therefore I am officially assuming the RSO responsibilities once again.

I am formerly requesting to change the name of the RSO listed in condition 12 of the radioactive materials license number 29-28620-01 to me, Richard Keosian. In addition, please remove Peter Daphnis' name from condition 11 in the same license

If you have any questions please call me at 973-496-9320 or email me at richard.keosian@smithsdetection.com.

Sincerely,

Richard Keosian
Radiation Safety Officer

This is to acknowledge the receipt of your letter/application dated

9/14/2011, and to inform you that the initial processing which includes an administrative review has been performed.

☒ Amendment (29-28620-01)
There were no administrative omissions. Your application was assigned to a technical reviewer. Please note that the technical review may identify additional omissions or require additional information.

☐ Please provide to this office within 30 days of your receipt of this card
