Dunwoody, GA 30338

Dear Rich:

On behalf of the entire Region II staff, I would like to sincerely thank you and your colleague, Robert Carey, for your outstanding presentation on prostate cancer that you provided during our regional all employees meeting on September 6, 2011. You presented the information in such a way that the entire audience could relate to the subject matter, whether their lives had personally been affected by prostate cancer or not. You highlighted that in all likelihood, sooner or later, someone in their lives would be affected by prostate cancer.

Unfortunately, as you know, because of other previous commitments, I was unable to attend your session. Len Wert, my deputy regional administrator, as well as management and staff alike, were extremely appreciative of the useful, clear, concise, and easily understandable information that you provided. Many employees have stopped to tell me how much they appreciated your presentation and that it raised their awareness and sensitivity to this disease. It is my sincere belief that through prostate cancer outreach and education efforts such as yours and Robert's, countless lives will be saved through early detection and treatment.

Thank you again for taking the time to share this important, life-impacting information with my staff.

Warm regards,

/RA/

Victor M. McCree
Regional Administrator
