Subject: JohnsonFoil's Materials License
License Number 20-20982-02 03034367
Expiration Date: September 30, 2011

To Whom It May Concern:

In respect to the referenced subject Materials License, it is JohnsonFoil's intent to not renew this license upon its' expiration.

JohnsonFoil holds a Material License from the State of Massachusetts and will request reciprocity in the future should work be required in a Non-Agreement State. The gauges that were used under this license are being replaced with non-radioactive devices; therefore, they are being used very infrequently and remain in storage. We expect that they will be decommissioned in their entirety within the next one to two years.

Please do not hesitate to contact me if you have any questions and/or comments regarding the above.

Regards,

JohnsonFoil, Inc.
