Dr. Said Abdel-Khalik, Chairman  
Advisory Committee on Reactor Safeguards  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555-0001

SUBJECT: REVISION 19 TO THE AP1000 DESIGN CONTROL DOCUMENT AND THE  
AP1000 FINAL SAFETY EVALUATION REPORT

Dear Dr. Abdel-Khalik:

Thank you for your letter dated September 19, 2011, in which the Advisory Committee on Reactor Safeguards (Committee) provided its conclusions for its review of the U.S. Nuclear Regulatory Commission's final safety evaluation report on Revision 19 to the design control document, which served as the basis for the Westinghouse AP1000 design certification amendment.

The staff is pleased that the Committee has reviewed the changes related to Revision 19 of the design control document and concluded there is reasonable assurance that the revised design can be built and operated without undue risk to public health and safety.

If you have questions, please contact Billy Gleaves, Senior Project Manager, of my staff at 301-415-5848.

Sincerely,
