Bill,

Thanks for the prompt action.

You have made the necessary adjustments but our Document Processing Center (DPC) and NRC policy still require a new set of CD's as official records. If you can, please FedEx me the new copy of the CD's and I'll forward to the proper department.

Tom,

Attached are the 2 versions of the packing slip with corrected submitter (NINA). Please note that there is one for the Proprietary version on the COAL (NRCPackingSlipProp.xml) and the Public version of the COLA (NRCPackingSlipPublic.xml). Let me know if we need to send you new disks with the revised packing slip on them. Sorry for the issue.

Coley,

We discussed the Rev 6 submitter's name and you asked for feedback for the time histories submittal:

1. Attached is the digital packing slip for Rev 6 provided to me by our document control desk. Please send me the proper digital packing slip showing NINA as the submitter (not STPNOC). I'll make sure PDC has the correct information for processing.
2. I've asked our SEB2 reviewer, Samir Chakrabarti, if he has any comments on the recent submittal from NINA on the STP fuel rack time histories. Samir said everything looks okay and he has no comment. Unless you have questions specific to this subject, he does not think he needs to be there for the Wednesday OI call. Please let me know if you need to discuss anything with him.
