**Subject:** Follow-up From the Seabrook Station License Renewal Public Meeting

Mr. Harris,

I wanted to follow-up with you regarding the message you left with Steve Short of Pacific Northwest National Laboratory. Since the questions you left on your message were consistent with the comments you gave during the September 15 public meeting regarding the Seabrook Station draft supplemental environmental impact statement, we intend to respond to your questions as part of the process of addressing the comments provided during the meeting. The formal resolution of which will be documented in the final supplement environmental impact statement. For your awareness, NRC's response to the letter from Drs. Graham and Pry that you passed out at the meeting, can be found online at the following links:

As a reminder, the comment period on the Seabrook Station draft supplemental environmental impact statement is open until October 26, so if you have additional information that you would like to provide, please do so by that date. If you have any questions on how to provide additional comments, please let me know.

Thanks,  
Michael Wentzel
