ORGANIZATION AREVA Federal Services LLC				
SUBJECT Discrepant Dimension on Model No. TRUPACT-III Unit 1 (71-9305)				
SUMMARY [REDACTED] NRC: Mike Waters, Kim Hardin, Jennie Rankin AREVA: Tara Neider, Philip Noss, Andy Kee, Gary Clark, Gerry Ebner, Rich Smith Washington TRU Solutions: Todd Sellmer, Robert Johnson, Steve McGonagill AREVA Federal Services LLC (AFS), the certificate holder for the Model No. TRUPACT-III, informed the staff via letter that Unit 1 has a discrepant dimension with the width of the closure lid shear lip. Unit 1 was put into use in late August. The condition was discovered during fabrication and inspection activities on Unit 2. AFS has removed Unit 1 from service and is in process of returning the unit back to the fabrication facility for disassembly and dimensional inspections. This is expected to be completed by 9/30/11. If this is the only discrepancy noted, AFS plans to machine the lip to meet the SAR drawing requirements. AFS plans to set up another call with the staff after the dimensional inspections are completed. AFS is also notifying the Commission of this condition pursuant 10 CFR 71.95. [REDACTED]
