We are contacting you in regards to our Radioactive Materials License 47-25161-01. Our company GA Covey Engineering keeps a storage facility in WV for the storage of Portable Nuclear Moisture Density Gauges. The storage site is currently located at 587 Enterprise Dr, Gassaway, WV 26624. We have recently moved our gauge storage facility to 106 W Main St, Sutton, WV 26601. All gauges have been leak tested prior to the move and none have been found to be leaking. Our mailing address of P.O. Box 185 Sutton, WV 26601 has not changed. We are seeking to have our license amended to reflect this move.

If you have any questions or comments please contact us at the above address or phone number.

Thank you,
