Manny

We need the following information for the personnel who need access to the Online Reference Portal (Online Reading Room):

1. Name
2. Phone Number
3. Email Address

Once we receive this information, expect to see an email within 2 days.

Steve Franzone

NNP Licensing Manager - COLA

Manny

Can you please contact FPL regarding their recent response to my RAI (eRAI 5430) on Construction Worker doses and ask them how we can get access to the "FPL online reference portal" that they refer us to for part of the responses to my RAI? Thanks

Charlie Hinson

Charlie,

The responses appear adequate – sort of. The responses in a couple instances point us to documents in the FPL online reference portal: *Radiological Impacts of Normal Operation* and the *Turkey Point ISFSI Dose Rate Evaluation*. I guess it wouldn't be appropriate for an RAI response, but they have not given us the instructions and passwords to get to the online reference portal. Have you gotten those in some other fashion?

Assuming those documents have the information we are looking for, we should be OK, but I can't tell for sure.

Stewart and I will both be traveling all next week, and a phone call probably isn't feasible. Can we discuss this early the week of 10/3?

Subject: Turkey Pt Response to RAI on construction worker dose

Hi Duane and Stu

Turkey Pt responded to the RAI (eRAI 5430) on construction worker dose on August 19 while I was away from the office on vacation. I didn't find out that Florida Power and Light (FPL) had responded to this RAI until earlier this week when I asked the PM about the status of this RAI. The ML number for this response is ML11234a266. I have not had a chance to look at this response in detail (have been busy preparing slides/text with Ed for the Comm hearings for Vogtle and Summer), but will try to review it next week (I will be off tomorrow). Please get back to me when you have had a chance to review this response and we can discuss FPL's response.
