

**DRAFT RG 1.215
REVISION 1 COMMENT
RESOLUTION AND
ADDITIONAL STAFF
EDITS**

Draft RG 1.215 Rev 1 (DG 1250)

- Public comment period ended July 28, 2011
- Only comments submitted were from NEI
- Comments and draft NRC resolutions listed on handout

Additional Staff Edits

- General removal of “proposed” where used to refer to the rule
- General removal of “DCD” or “certified design” when paired with “COL” to describe where the ITAAC originate from
- Clarification that partial closure notifications, if used, do not replace 52.99(c)(3) notifications (225-day notifications)

Additional Staff Edits

- Discussion of NEI 08-01 Appendix C matches what is presented in Revision 4
- Section C, “Regulatory Position” adds clarification that the guidance is applicable to all ITAAC, whether issued for an ESP, LWA, or COL, regardless if the basis is a DC or site-specific applicability

Schedule

- ACRS subcommittee meeting Nov 17
- ACRS full committee meeting Dec 1
- Final Rule due to Commission Jan 2012
- Final Rule and Final RG to published May 2012
