Dear Dr. Scott:

Enclosed is Amendment No. 26 to your NRC Material License No. 24-24660-01 in accordance with your request. Please note that the changes made to your license are printed in **bold font**.

Please note that while your request has been approved, in that all six physicians have been added to your license, we were only able to authorize each of them for those materials and uses supported by the documentation provided, and that based on this information, none of the physicians could be authorized for all 35.300. Should you wish to pursue 10 CFR 35.300 authorization for any and all of these physicians, please reference 10 CFR 35.390 and NUREG 1556, Vol. 9, Rev. 2, Appendix C for the specific requirements and documentation needed for submittal to the NRC.

Please review the enclosed document carefully and be sure that you understand all conditions. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region III office at (630) 829-9887 so that we can provide appropriate corrections and answers.

In accordance with 10 Code of Federal Regulations 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

A handwritten signature in cursive script that reads "Dennis P. O'Dowd".
