SUBJECT: CARIBBEAN INSPECTION & NDT SERVICES, INC., REQUEST FOR  
ADDITIONAL INFORMATION CONCERNING TRANSFER OF NRC LICENSE,  
CONTROL NOS. 575890 AND 575893

Dear Mr. Wood:

This is in reference to your letter dated August 24, 2011, informing this office of your acquisition of assets of the subject licensee and requesting to amend Nuclear Regulatory Commission License No. 52-25629-01. In a subsequent letter dated September 2, 2011, you provided additional details regarding the acquisition and your commitment to abide by all conditions and stipulations of the above listed license.

Please note that as of the date of this letter we have not received any confirmation of this acquisition from the official that currently holds the license (Mr. Thomas Hankins). Until we receive his consent to the transfer of the license we cannot approve your request.

**Please be reminded that NRC regulations (10 CFR 30.34(b)) do not permit transfer of a license to any person until the NRC has given written consent to the transfer. Therefore, Mr. Hankins remains responsible for all activities authorized by the license, including the security of all licensed material until we have approved the transfer and amended the license accordingly.**

Current NRC regulations and guidance are included on the NRC's website at [www.nrc.gov](http://www.nrc.gov); select **Nuclear Materials; Med, Ind, & Academic Uses**; then **Licensee Toolkits**, see our **toolkit index page**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 7:00 a.m. to 6:30 p.m. EST, Monday through Friday (except Federal holidays).

We will continue our review upon receipt of this information. Please reply to my attention at the Region I Office and refer to Mail Control No. 575890. If you have any technical questions regarding this deficiency letter, please call me at (610) 337-5364.

J. Wood
