

February 23, 2012

The Honorable Thomas R. Carper
Chairman, Subcommittee on Clean Air
and Nuclear Safety
Committee on Environment and Public Works
United States Senate
Washington, DC 20510

Dear Mr. Chairman:

Enclosed for your information is a copy of a *Federal Register* notice for a final rule, "Removal of Oman from the Restricted Destinations List," which the U.S. Nuclear Regulatory Commission (NRC) has sent to the Office of the Federal Register for publication.

In light of current foreign policy and nonproliferation-related actions taken and policies pursued by the Government of Oman, the Executive Branch recommended that the NRC amend its regulations to remove Oman from the list of restricted destinations. This means that exports to Oman of certain nuclear and byproduct materials may qualify for the NRC general license.

The Executive Branch, including the U.S. Departments of State, Energy, Defense, and Commerce, concurs in this NRC final rule.

Sincerely,

/RA/ Eugene Dacus for

Rebecca L. Schmidt, Director
Office of Congressional Affairs

Enclosure: *Federal Register* notice

cc: Senator John Barrasso
