Dear Mr. McElroy:

In order to complete our review of the financial qualifications of the Northern States Power Company to operate the Monticello Nuclear Generating Plant, Unit No. 1, it is requested in accordance with 10 CFR 50 Section 50.33(b), that you furnish the following additional information in the form of an amendment to the Company's application for a provisional operating license:

1. Estimated annual costs of operating the nuclear facility for a five-year period;
2. Estimated costs of permanently shutting down the facility and maintaining it in a safe condition, if and when it may occur; and
3. Source or sources of revenues which will cover costs of permanent shutdown and maintenance of the facility.

Sincerely,

Peter A. Morris, Director
 Division of Reactor Licensing
