COL Taylor,

A card that was sent to you was returned in the mail. The card acknowledged receipt of your letter dated August 25, 2011. This was the letter requesting to defer regulatory oversight of planned decommissioning actions at the Walter Reed Army Medical Center (WRAMC) Diamond Ordnance Radiation Facility (DORF) to the Army Reactor Office (ARO).

The mail control number of this action is MC575317.

I assume that this electronic mail notification is sufficient. I understand the card was returned because Water Reed is now closed.
