Response to NRC Request for Information on
Management and Technical Resources

Your letter dated June 29, 1979 requested information on management and technical resources available to licensees for response to nuclear plant emergencies. A subsequent letter from W P Haass, Chief, Quality Assurance Branch, requested that we submit a total of 50 copies of the requested information based upon NSP operating three units.

Attached are 50 copies of a document entitled "NSP Management & Technical Resources, July, 1979". Should you have any questions on this document, please contact the undersigned at (612) 330-6078.
