Information Required for NRC Review of Inservice
Inspection and Testing Program and Requests for Relief from
ASME Code Section XI Requirements

Attached you will find 40 copies of Revision Number 6 to our report entitled, "ASME Code Section XI Inservice Inspection and Testing Program and Information Required for NRC Review of Requests for Relief from ASME Code Section XI Requirements." This is a revision of our inservice inspection and testing program description and requests for relief originally submitted on March 15, 1978. Instructions are provided for entering Revision Number 6 in copies of the original report.

The majority of the program changes have occurred due to correction of system isometric drawings following field inspection.

Please contact us if you have any questions related to Revision Number 6 to our Program.
