Information Required for NRC Review of Inservice  
Inspection and Testing Program and Requests for Relief from  
ASME Code Section XI Requirements

Attached you will find 40 copies of Revision Number 1 to our report entitled, "ASME Code Section XI Inservice Inspection and Testing Program and Information Required for NRC Review of Requests for Relief from ASME Code Section XI Requirements." This is a revision of our inservice inspection and testing program description and requests for relief submitted to the Commission on March 15, 1978.

The purpose of this revision is to:

- a. Correct errors in the original report
- b. Submit three additional requests for relief for NRC Staff consideration
- c. Revise the inservice inspection portion of the program to reflect NRC Staff comments

Instructions are provided for entering Revision Number 1 in the original March 15, 1978 report.

Please contact us if you have any questions related to this revision. We are also preparing another revision which will incorporate the results of NRC Staff review of our pump and valve testing program.
