NORTHERN STATES POWER COMPANY

MINNEAPOLIS, MINNESOTA 55401

November 25, 1980

Director of Region III  
Nuclear Regulatory Commission  
799 Roosevelt Road  
Glenn Ellyn, IL 60137

The Nuclear Regulatory Commission and the Federal Emergency Management Agency require support agreements to be included as part of the Nuclear Emergency Response Plans. In the event of a nuclear plant emergency, prior arrangements ensure that assistance, if requested, would be available and effectively utilized.

In an effort to update our plan, we are asking that you please provide a current letter of support agreement. The letter should include a simple statement that you understand the plan and that, in the event of a plant emergency, you would be able to respond (example attached). Additional pertinent information such as telephone numbers, personnel changes, or plan changes should also be indicated. Please address your response to:

G D Hudson, Ass't. Administrator  
Emergency Preparedness  
Nuclear Support Services  
Northern States Power Company  
414 Nicollet Mall  
Minneapolis, Minnesota 55401

Your continued support is an integral part of our Nuclear Plant Emergency Response Plan and is greatly appreciated. If you have any questions concerning agreement letters, please contact me at (612) 330-7626.
