DRAFT SUMMARY OF INFORMATION COLLECTION REQUEST

Title: NRC Form 313, "Application for Materials License" and NRC Forms 313A (RSO), 313A (AMP), 313A (ANP), 313A (AUD), 313A (AUT), and 313A (AUS) (3150-0120)

Current Burden/Responses:

NRC/Agreement State Licensees: 65,224 hrs/15,127 responses
(10,205/2,365, NRC Licensees)
(55,019/12,762, Agreement State Licensees)

Proposed Burden/Responses:

NRC/Agreement State Licensees: 83,558 hrs/19,432 responses
(10,157/2,362, NRC Licensees)
(73,401/17,070, Agreement State Licensees)

Frequency of Response: On Occasion

Number of Respondents: 19,432 (2,362 NRC licensees + 17,070 Agreement licensees)
State

Reasons for Changes in Burden/Responses:

NRC Licensees

The previous burden for NRC licensees was 10,205 hours to complete the NRC Form 313 (which may include NRC Form 313A series of forms) and 40 hours of burden attributed to the NARM Rule. The burden for NRC licensees is expected to decrease from 10,205 to 10,157 hours because of the reduction in licensing actions by an estimated 2 actions, from 2,364 to 2,362. At 4.3 hours per licensing action, this is a reduction of approximately 9 hours (2 actions x 4.3 hours = 8.6). This reduction in licensing actions is because there are fewer NRC licensees as a result of Virginia and New Jersey becoming Agreement States, while the number of overall licensing actions has not significantly changed.

Agreement State Licensees

The previous burden for Agreement State licensees was 55,019 hours to complete the NRC Form 313 and NRC Form 313A series of forms and 160 hours of burden attributed to the NARM rule. The burden for Agreement States is expected to increase because of an increase in the number of Agreement State licensees as a result of Virginia and New Jersey becoming Agreement States. The estimated number of Agreement States

licensing actions increased by 4,312 from 12,758 to 17,070. At 4.3 hours/licensing action, this is an increase of 18,542 hours (4,312 actions x 4.3 hours = 18,542).

Total Burden

The total estimated burden for completing NRC Form 313 (which includes the NRC 313A series of forms) will increase by 18,334 hours, from 65,224 hours (10,205 for NRC licensees + 55,019 for Agreement State licensees) to 83,558 hours (10,157 for NRC licensees + 73,401 for Agreement States).

In addition, the fee rate increased from \$238 to \$273/hour.

Office of Federal and State Materials and Environmental
Management Programs

Recordkeeping Requirements in Accordance with the Retention Periods for Records/Rule:
There are no recordkeeping requirements.

Effort to Identify Duplication and Use Similar Information: No sources of similar information are available. There is no duplication of requirements. NRC has in place an ongoing program to examine all information collections with the goal of eliminating all duplication and/or unnecessary information collections.

Abstract: Applicants must submit NRC Form 313, which may include the six forms in the 313A series, to obtain a specific license to possess, use, or distribute byproduct or source material. These six forms in the 313A series are: (1) NRC Form 313A (RSO), "Radiation Safety Officer Training and Experience and Preceptor Attestation;" (2) NRC Form 313A (AMP), "Authorized Medical Physicist Training and Experience and Preceptor Attestation;" (3) NRC Form 313A (ANP), "Authorized Nuclear Pharmacist Training and Experience and Preceptor Attestation;" (4) NRC Form 313A (AUD), "Authorized User Training and Experience and Preceptor Attestation (for uses defined under 35.100, 35.200, and 35.500); (5) NRC Form 313A (AUT), "Authorized User Training and Experience and Preceptor Attestation (for uses defined under 35.300); and (6) NRC Form 313A (AUS), "Authorized User Training and Experience and Preceptor Attestation (for uses defined under 35.400 and 35.600)." The information is reviewed by the NRC to determine whether the applicant is qualified by training and experience, and has equipment, facilities, and procedures which are adequate to protect the public health and safety, and minimize danger to life or property.
