MEMORANDUM TO: Timothy J. Frye, Chief
Construction Assessment, Enforcement
and Allegations Branch
Division of Construction Inspection
& Operational Programs
Office of New Reactors

FROM: Jose Jimenez, Reactor Operations Engineer **/RA/**
Construction Assessment, Enforcement
and Allegations Branch
Division of Construction Inspection
& Operational Programs
Office of New Reactors

SUBJECT: SUMMARY OF THE SEPTEMBER 28, 2011, UNITED STATES
NUCLEAR REGULATORY COMMISSION CONSTRUCTION
REACTOR OVERSIGHT PROCESS CATEGORY 2 PUBLIC
MEETING WITH THE INDUSTRY AND THE GENERAL
PUBLIC

On September 28, 2011, the U.S. Nuclear Regulatory Commission (NRC) Construction Reactor Oversight Process (cROP) Working Group met with the cROP Task Force led by the Nuclear Energy Institute (NEI) at the Legacy Hotel, 1775 Rockville Pike, Rockville, Maryland. The meeting notice was documented in the Agencywide Documents Access and Management System (ADAMS) under accession number ML112420110. The purpose of the meeting was to continue discussions regarding the oversight and assessment of new commercial reactor construction. The NRC cROP Working Group is led by Thomas Kozak, Office of New Reactors (NRO), and the cROP Task Force is led by Thomas Houghton, NEI.

Discussions during the meeting centered on the construction significance determination process (SDP). Tom Kozak opened the meeting with a summary of the cROP pilot plans. Next, NRC representatives presented system and structure design function definitions that will be used in the SDP and committed to incorporate industry comments as applicable. The meeting concluded with a discussion on factors considered during the finding screening process and in assigning a finding to a coordinate in the SDP matrix. The latest draft versions of the NRC construction finding screening process (ML112900835) and significance determination process (ML112900788) can be found in ADAMS.

Enclosed is a list of attendees at this meeting. The cROP Working Group will discuss its progress in developing the construction SDP at the next Construction Inspection Program Category 3 public meeting which is currently scheduled for December 1, 2011.
