

ACAA

Advisory Committee for African Americans

Goals

- Increase the number of African Americans in supervisory and management positions, especially African American women in technical supervisory and management positions.
- Increase the number of African Americans in the feeder groups (GG-13 thru GG-15) positions.
- Assist SBCR in marketing the objectives of the Comprehensive Diversity Management Plan.
- Increase the number of African Americans on Commission and EDO staffs.
- Increase opportunities for administrative employees to “bridge” to Administrative professional and IT positions.

Calendar of Activities

Subcommittees

All-Employees Meeting

Coordinates and leads monthly meetings for our entire constituency, focusing on career development and personal growth initiatives.

Career Development

Maintains and provides information to assist members and constituents in developing their careers.

New Employee Outreach

Assists new employees in their transition to the NRC and provides them with useful information about the local metro area.

Social Networking

Coordinates social networking events for the committee and our constituents and proposes community service projects for the committee to participate in.

Newsletter

Prepares quarterly newsletters highlighting events and accomplishments of our members and constituents.

Black History Month (BHM)

Plans and coordinates all activities associated with the annual BHM observance celebration.
