

**UNITED STATES OF AMERICA
NUCLEAR REGULATORY COMMISSION**

BEFORE THE ATOMIC SAFETY AND LICENSING BOARD

In the Matter of

Docket No. 52-016

Calvert Cliffs-3 Nuclear Power Plant
Combined Construction and License Application

**PRE-FILED TESTIMONY OF SCOTT SKLAR, PRESIDENT OF THE STELLA
GROUP, LTD ON CONTENTION 10 ON BEHALF OF JOINT INTERVENORS**

Joint Intervenors hereby submit pre-filed testimony of Scott Sklar, President of the Stella Group, Ltd, in support of Contention 10, which argues that the Combination of Alternatives in the Environmental Impact Statement for the proposed Calvert Cliffs-3 reactor understates the contributions of wind and solar power and thus leads to a faulty conclusion about the benefits of this reactor over a highly plausible Combination of Alternatives that includes greater contributions from safe, clean, and economical renewable energy resources.

We wish to thank the ASLB for extending the time to file this testimony by one week due to the unfortunate circumstances that befell Mr. Sklar earlier, and also to thank the Applicant and the NRC staff for not opposing our motion to extend the time.

Respectfully submitted,

This 28th day of October 2011
