Re: Request for Notice-to-Proceed

Dear Ms. Pengilly:

Based on the acceptance of the data recovery report for site MW004 (10BV246), the John Leopard Homestead (Mehls et al. 2011), by the Idaho State Historic Preservation Officer, and in accordance with the provisions of the Memorandum of Agreement (MOA) for the Eagle Rock Enrichment Facility Project, AREVA Enrichment Services LLC (AES) requests a notice-to-proceed with construction activities that will involve disturbance of site MW004 (10BV246). Under the provisions of the MOA, ground disturbance within designated areas will be monitored by a professionally qualified monitor per Stipulation B.1 of the MOA. Further, the provisions of the Discovery Plan (Stoner et al. 2009) and MOA will be adhered to by AES and its employees and contractors performing ground disturbing activities.

If you should have any questions or require additional information, please do not hesitate to call me (508-573-6554).

Respectfully,

A handwritten signature in black ink that reads 'Jim A. Kay'.
