I'll try to remember. However, Jim was working this with Cindy and a few days ago I asked him to follow up. I haven't heard from him.

Brian,

If you see Charlie or Cindy today, would you discuss the ISOE vice-chair situation with them? We haven't heard anything back from them yet and we want to contact ISOE to reassign Terry as the vice-chair in place of Vince. Terry had been the vice-chair but was replaced by Vince when Terry went to SOARCA. We don't believe ISOE will object to switching back since they know Terry and Vince is no longer in RES or associated with our ISOE-related work.

Thanks!
