Don't want to let good people get away when the door to external hiring is narrowing (and may close).

The other BCs participated in the interviews with Jimi. They identified 2 very good 14s. The other branches have vacancies so we are going to look across the division to see whether and how we might be able to use these folks. For example bring them in to SPB to help with SOARCA and then transfer to fill a vacancy in RSAB or ??? Just fishing at this point but all BCs involved in the interviews think this is a good plan and think these folks have skills that can be an asset broader than SPB. Ed O is also involved.

The 15. *For now.*

Kathy, Andrea, some of the DSA branch chiefs and I are meeting on Tuesday to strategize on the great GG-14 candidates I interviewed and how the division's needs can be addressed.

She is out of the office today, so she is going to speak with her supervisor on Monday. Once she has informed the supervisor, I will send the request for release to her servicing HR Specialist. Jimi you are free to inform the other applicants.

Thanks,
