**Subject:** FW: SOARCA Uncertainty Analysis Plan

I believe from previous discussions and our commitment to open disclosure, Jon sent this to the staff as soon as he received it. I will meet with you to firm up the roll out strategy we have been talking about. Not sure if you wanted to share this with Jennifer as well.

Team:

I just received the attached full plan for the Uncertainty Analysis from Sandia and want you to have access right away. I will send a follow-up email and we will discuss at Thursday's team meeting the plan for reviewing this document and reaching a consensus on the approach.

Thanks,  
Jon

**Subject:** SOARCA Uncertainty Analysis Plan

Jon,

Attached is SNL's plan for the SOARA Uncertainty Analysis. Sorry for taking this right down to the last day. I am certain that our approach and our selection of the uncertain parameters will generate some follow on discussions.

Please don't hesitate to contact me with any questions.

Patrick
