Jimi, Kathy, and Andrea,

Please see the attached, updated version of the extension request. I accepted just about all of Kathy's changes but left some text in the 3rd paragraph to help satisfy Brian's input.

Thanks,
Jon

Brian,

Did you mean to attach a file to your e-mail?

Brett

I made one suggested change (see blue line-through and added words.

In addition, we need to add that we plan to send the Commission a draft of the report (or at least an ML number) along with a detailed plan for completing the report and submitting it to the Commission with recommendations on if and how to proceed with further analyses by October 29th.

Brian,
Attached is the proposed extension request. I will work with Brett tonight to add in a parenthetical which is based on SECY criteria.
Brett is acting so if you have edits, please share with Brett. Jack is out until Monday so we have a day to review this if we want.

Thanks
