Submittal of Revision No. 17 of the
Operational Quality Assurance Plan (OQAP)

Pursuant to 10 CFR Part 50, Section 50.54(a) we are submitting a copy of Revision 17 to the Northern States Power Company Operational Quality Assurance Plan (OQAP).

Revision 17 to the NSP Operational Quality Assurance Plan was internally reviewed and approved May 10, 1993. We have concluded that this revision does not reduce the commitments of NSP's Operational Quality Assurance Program and does not adversely impact safe operation of the nuclear power plants. Revision 17 to the Operational Quality Assurance Plan contains changes based on a recent NSP reorganization and editorial changes. Specific changes with the reason for the change and basis for concluding no reduction in commitments [per 10 CFR Part 50, Section 50.54(a)(3)] are presented in Appendix D to the plan. This revision will not be implemented until Region III has reviewed the changes.
