Re: License #13-15399-01

Dear Mr. Tran:

This is in response to your October 24, 2011 request for additional information concerning our August 3, 2011 application to change RSO designation.

1. Stan Buhr is the RSO at Elmhurst Hospital and the commitment at that site is at least one visit per month. Indiana University Health Starke Hospital performs only diagnostic nuclear medicine with one gamma camera and one nuclear medicine employee. It is therefore felt that one physical visit per quarter will be sufficient oversight of the radioactive materials program.
2. Stan Buhr is available at all times by direct cell phone connection should any urgent situations or unsafe practices occur.
3. In addition to immediate cell phone contact, Stan Buhr is approximately a driving distance of 85 miles and driving time of 1 hr. 45 minutes away from 102 East Culver Road.
4. Stan Buhr is a health physics consultant in Illinois, Indiana and Wisconsin and makes regular visits to hospitals and clinics in these states. There will be times when he is closer than 80 miles and times when the travel distance is further, but is at all times available by cell phone.

The name change requested in our 8/3/11 letter, from Starke Memorial Hospital to Indiana University Health Starke Hospital, did not involve a change in ownership.

Thank you.

Sincerely,

Linda Satkoski, CEO
