Do these all really have to be reviewed by the HCC? I thought it was just for external postings? It seems counterproductive to me to have them review internal solicitations.

We would appreciate any help you can give us on this one. Jimi Yerokun is the Branch Chief for the SOARCA project which is a highly visible and time-sensitive agency effort. We would like to get this action posted as quickly as possible to ensure that his position is backfilled quickly and that there is time for transition before he moves to REG II in December.
Thanks
Mary

Subject: Priority Review of RES Internal Vacancy by HCC Subcommittee

Kris,

Jimi Yerokun, Chief, SPB/DSA has been recently selected for a position in Region II (promotion), with an estimated EOD of late 1st quarter FY2011. In order to backfill for this key position and ensure a smooth transition, RES would like to post an internal solicitation as soon as possible. The current FTE/hiring plans for RES support the approval of this action. This action was discussed with Gilly Martin, HR, at the RES Human Capital meeting on 9/23/10.

Please coordinate HCC review/approval of this vacancy and let me know if you need any additional information.

Thanks for your help,

Ed
