SFST Initiatives for Estimating Hours and Fees

- In response to requests from applicants
- As part of an office-wide effort to provide fee estimates and cost estimates (in hours)
- 3 separate activities

(1) Generic Fee Estimates

- Provide generic fee estimates to all potential applicants.
 - Historical Casework Cost Estimate Table
 - Rough aggregate average of historical casework data
 - Used for information purposes only

(2) Initial Fee Estimates

- Provide case-specific forecasting for complex spent fuel storage and spent fuel transportation cases.
 - Initial estimate based on table
 - Quarterly updates
- SFST conducting a pilot of this program beginning January 2012

(3) Updated Cost Estimates (in hours)

- Provide periodic updates to applicants regarding the amount of hours expended on each case.
 - Provided on a monthly basis
 - Provided upon request
 - Expected to implement updates by February 2012

Generic Fee Estimates Table
