Thanks. Good to see they decided to issue a 50.72 report this time. I am at Surry this week, but will get back on this next Tuesday. I owe you a writeup for the report.

FYI,

Hatch event report for groundwater tritium in accordance with Southern Nuclear's groundwater protection procedures and the Nuclear Energy Institute (NEI)/Industry Groundwater Protection Initiative, Southern Nuclear contacted the Nuclear Regulatory Commission (NRC) Region II resident inspector and the Georgia Department of Natural Resources to inform them of this matter.

Subject: Hatch Tritium Notifications

Environmental Affairs has just completed the procedural voluntary notifications to NEI, ANI, and Georgia DNR. These notifications were made beginning at 17:10 Eastern on 9/29. There is a follow up call scheduled for later this evening with Georgia DNR personnel just to provide additional information regarding what we learned from actions taken today.

Please let me know if you have any questions, and please forward this information to any other parties that may need it.

Greg
