Charlotte Hall, MD 20622

SUBJECT: ONE SOURCE ENVIRONMENTAL, LLC, ACCEPTANCE OF NOTIFICATION OF  
ADDITIONAL DEVICE, CONTROL NO. 576251

Dear Mr. Ciancaglini:

This is in reference to your letter dated October 21, 2011 notifying the NRC that you have purchased additional devices authorized by your NRC License No. 19-31387-01. Please note that, because it is of the same manufacturer and model as authorized by your license, and the total number of devices that you possess are within the authorized limits of your license, you do not need to amend your license or to notify us of the purchase. No further correspondence on this matter is required.

In addition, if you purchase additional devices in the future, and the devices and quantities are within the limits of your license, you do not have to notify us of those purchases. However, if you want to purchase a different manufacturer or model type than is authorized, or need to increase your limits because you need more devices than covered by the license, you would have to amend the license prior to receiving those items.

Your cooperation is appreciated.

Sincerely,

***Original signed by Elizabeth Ullrich***
