**Re: Lost Creek Project,
NRC License SUA-1598, Docket No. 40-9068
License Conditions 9.7 and 12.13**

Dear Sir:

In anticipation of and to preclude possible pending license conditions, Lost Creek ISR, LLC, submitted additional information on November 11, 2010 (ML103210590), November 16, 2010 (ML103280186), and December 3, 2010 (ML103490862). After careful review of its NRC License # SUA-1598, Lost Creek ISR, LLC, has determined that the information in these submittals was not considered in finalization of the license. Lost Creek ISR, LLC, hereby requests that these submittals be considered as fulfilling requirements of license conditions 9.7 (specifying health physics designee qualifications) and 12.13 (providing for NRC review and approval a revised decommissioning, decontamination and reclamation plan within 90 days of receipt of license)). However, regarding the November 16, submission, Lost Creek ISR, LLC, commits to maintaining its on-site meteorological station indefinitely, at least, until collected data is determined by NRC to be representative of long-term conditions.

Please contact me or Dr. Charles Kelsey at the Casper office if you have any questions regarding this submittal.

Regards,

Lost Creek ISR, LLC
