King of Prussia, PA 19406

Limerick Generating Station, Units 1 and 2
Facility Operating License Nos. NPF-39 and NPF-85
NRC Docket Nos. 50-352 and 50-353

Subject: Response to Preliminary Greater than Green Potential Finding from NRC
Inspection Report 2011-004

Reference: Letter dated November 4, 2011, from Darrell J. Roberts (USNRC), to
Michael J. Pacilio (Exelon Generation Company, LLC), "Limerick
Generating Station, Units 1 and 2 - NRC Integrated Inspection Report
05000352/2011004 and 05000353/2011004; and Preliminary White
Finding."

Dear Sir:

In response to the referenced inspection report letter, Limerick Generating Station
concur with the assessment by NRC and has chosen not to request a regulatory
conference or provide a written response to the preliminary white finding and apparent
violation of Technical Specifications.

Limerick took prompt, effective corrective actions after discovery of the issue. A Root
Cause investigation is being conducted to drive further actions

If you have any questions or require additional information, please do not hesitate to
contact us.

Sincerely,

William F. Maguire
Vice President-LGS
Exelon Generation Company, LLC
