

RA11-061

10 CFR 55

November 11, 2011

U. S. Nuclear Regulatory Commission  
Attention: Regional Administrator, Region III  
2443 Warrenville Road  
Suite 210  
Lisle, IL 60532-4352

LaSalle County Station (LSCS) requests a date change for the CY2012 Initial License Operator Examination. LSCS has previously requested administration of examination starting September 17, 2012, through September 27, 2012. LSCS requests a new start date of October 22, 2012 with an end date of November 1, 2012.

The requested change in examination date will allow completion of course curriculum commensurate with staffing requirements needed to support the upcoming scheduled outage starting February 13, 2012.

LSCS requests that the Initial Licensing examination, which was administered in 2010, be withheld from public disclosure until completion of the 2012 exam.

Should you have any questions concerning this letter, please contact Mr. Terrence Simpkin, Regulatory Assurance Manager, at (815) 415-2800.

Respectfully,

David P. Rhoades  
Site Vice President  
LaSalle County Station
