NOV 2 2 1971

Docket No. 50-263

Mr. Walter Barfnecht, Chairman Wright County Board of Commissioners Wright County, Minnesota 55798

Dear dr. Barfnecht:

The Northern States Power Company (the licensee) is the holder of Provisional Operating License No. DPR-22, issued by the Atomic Energy Commission on September 3, 1970. The license authorizes operation of a boiling water nuclear power reactor designated as the Monticello Nuclear Cenerating Plant, at the licensee's site in Wright and Sherburne Counties, dinnesota. The facility is designed for initial operation at approximately 1670 megawatts (thermal).

In accordance with section E.3 of the Commission's regulations implementing the Mational Environmental Policy Act of 1969 (MEPA), Appendix D of 10 CFR Part 50 (Appendix D), the licensee has furnished to the Commission a written statement of reasons, with supporting factual submission, why the license should not be suspended, in whole or in part, pending completion of the MEPA environmental review. This statement of reasons was furnished to the Commission on October 15, 1971.

The Director of Regulation has considered the licensee's submission in the light of the criteria set out in section E.2 of Appendix D, and has determined, after considering and balancing criteria in section E.2 of Appendix D, that operation of the Monticello Muclear Generating Plant authorized pursuant to DPR-22 should not be suspended pending completion of the MEPA environmental review.

Further details of this determination are set forth in a document entitled "Discussion and Findings by the Division of Reactor Licensing, U. S. Atomic Energy Commission, Relating to Consideration of Suspension Fending MEPA Environmental Review of the Provisional Operating License MPR-22 for the Monticello Huclear Generating Plant, Docket No. 50-263," copy enclosed.

Docket No. 50-263

chumu - l'ill shirn,

Homorable Wendall R. Anderson Governor of Minnesota St. Paul, Minnesota 55101

Dear Governor Anderson:

The Morthern States Power Company (the licensee) is the holder of Provisional Operating License Mo. DPR-22, issued by the Atomic Energy Commission on September 8, 1970. The license authorizes operation of a boiling water nuclear power reactor designated as the Monticello Nuclear Generating Plant, at the licensee's site in Wright and Sherburne Counties, Minnesota. The facility is designed for initial operation at approximately 1670 megawatts (thermal).

In accordance with section E.3 of the Commission's regulations implementing the National Environmental Policy Act of 1969 (MEPA), Appendix D of 10 CFR Part 50 (Appendix D), the licensee has furnished to the Commission a written statement of reasons, with supporting factual submission, why the license should not be suspended, in whole or in part, pending completion of the MEPA environmental review. This statement of reasons was furnished to the Commission on October 15, 1971.

The Director of Regulation has considered the licensee's submission in the light of the criteria set out in section E.2 of Appendix D, and has determined, after considering and balancing criteria in section E.2 of Appendix D, that operation of the Honticello Suclear Generating Plant authorized pursuant to DPR-22 should not be suspended pending completion of the HEPA environmental review.

Further details of this determination are set forth in a document entitled "Discussion and Findings by the Division of Reactor Licensing, U. S. Atomic Energy Commission, Relating to Consideration of Suspension Pending MEPA Environmental Review of the Provisional Operating License DPR-22 for the Monticello Muclear Generating Plant, Docket No. 50-263," copy enclosed.
