Washington, D. C. 20545

Dear Mr. Muller:

This is in response to your letter of 26 May 1972 addressed to Mr. Herbert F. DeSimone, Assistant Secretary for Environment and Urban Systems, concerning the draft environmental impact statement, environmental report and other pertinent papers on the Monticello Nuclear Generating Plant, Unit No. 1, located on the West Bank of Mississippi River, Wright County, Minnesota.

The concerned operating administrations and staff of the Department of Transportation have reviewed the material presented and we have no comments to offer. It is our determination that the impact of this project upon transportation is minimal and we have no objection to the conversion of the provisional operating license to an operating license.

The opportunity to review and comment on the draft statement and other pertinent papers for the Monticello Nuclear Generating Plant Unit No. 1 is appreciated.

Sincerely,

W. M. BENKERT

Chief, Office of Marine Environment
and Systems
