Basis for determination of fee class:

TMI Lessons Learned Category A Technical Specifications are being proposed in this License Amendment Request. This issue has been previously reviewed by the NRC Staff and recommended changes were described in a letter dated July 2, 1980 from Mr D G Eisenhut, Director, Division of Licensing, USNRC. This is a Class III issue.

Changes to the list of safety related hydraulic snubbers are also proposed in this License Amendment Request. This is an administrative change and therefore a Class II issue.
