Ben,

You were an exquisite host. You couldn't have ordered better weather, and your descriptions and explanations of the site were more than adequate. Now, that I am home, I have one additional tribe that has indicated that they can make the 13th and 14th. So, we are now up to 10 that can make it!

Alan--

I hope your tour was enjoyable and valuable for the env. review team. Just out of curiosity, was SHPO provided the Class III Cultural Report on the Archival paper we sent to NRC? Also, we've been fielding calls from tribes on reimbursement for 9/13 tour so we should have at least some in attendance. Take care.

Ben

Ben,

SHPO has a problem with the Class III survey. Can you get Dave Ferguson to address the **items below**?
Thanks,

Hi Alan,

The report just arrived today, so thank you for sending it. However, I quickly thumbed through it and noticed a couple of issues right away.

First, we will need the "**Wyoming Cultural Properties Forms**", the "**Wyoming Isolate Forms**", and the "**Survey Report Cover Page**" prior to beginning our review. Additionally, the few **photo's** I did see in the report are pretty "scratchy" and don't meet standards for archiving.

Thanks for your attention to this matter, and I look forward to seeing you next Monday.
