Also, bear in mind that we may or may not need the meeting date but due to timing of NRC's public meeting policy, we needed to book this. We should know later today or tomorrow if we will cancel. Thanks again for all your help!

Chris

Yes, I tentatively scheduled a meeting for both times that you suggested in your earlier e-mail.

I need the following from you ASAP:

   (1) Which time would be preferable for the meeting
   (2) Agenda
   (3) List of participants.

I have Betty on standby to process the paperwork. I would like to get it to her by noon; I will be participating on the EPA SAB teleconference on Part 192 revisions this afternoon.

John
