Ben,

We should reschedule the call to a time that you can participate.

John--

I just learned that I have a conflict on Wed (11/9) in the am. I'd really like you and Ray Moores to talk on the GW model, would that be feasible if I'm only on the line for 30 min at the start?

Can we do 9:00 EST/7:00 MST? I'll have Ray on the phone and we can did into the GW Model a little bit more. Thanks.

John--

Thanks for your time this morning. I'd like to talk again next week, would morning of 11/9 (Wed) work for you? In addition, I think it would be beneficial to have Ray Moores (cc'd) on this email available to talk more succinctly about GW Model. Again, thanks for your time and let me know what would work for you.
