Afternoon Richard,

Thanks to you and Mary for meeting with us on August 29th. We did meet internally to discuss the 106 through NEPA process along with your concerns about sensitive information. We would like to discuss these concerns with you over the phone. If you are available tomorrow, please let me know.

We have not received GCM's corrected report and will contact the applicant for the updated information. Alan and I will also touch base with Alice. She is currently out in the field, so we will catch up with her after the lessons learned workshop.

Thank you,

Jennifer

Subject: 36 CFR Part 800.8/Ross ISR

Hello all,

I was just curious as to whether or not you have had the chance to discuss the use of NEPA in place of 36 CFR Part 800.3 through 36 CFR Part 800.6 with your legal council?

At present, I have received the corrected report for the Ross ISR from GCM but I am waiting to start my review until we have cleared up the above. I have also heard some concerns from the BLM concerning the NRHP evaluations in the report.

At this time, it may also be best to postpone my review of this report pending clarification of the BLM's concerns, and the results of Native American consultation as well as the question concerning 36 CFR Part 800.8. Currently, the 30 day review clock on this report is stopped.

Any updates would be appreciated.
