TO: Kirk Eastman

Laboratory Technical Services LLC has received all four gauges Models (3241, 3411, 5001, 3430) and yes Florida Radiation Control Bureau knows about the oversight in including model 3411 on our license. That issue has been corrected and an amendment to our license has been issued. So everything is legal.

I will fax you a copy of the Amendment to the fax number you supplied 813-888-6514 along with this letter.

Total pages in this fax 3.

Thank you
