John--

I hope things are going well for you. As we discussed last week, Strata completed an agreement with Crook County on Wednesday, April 6, primarily regarding fugitive dust mitigation and road maintenance. Because section 5.2 of the ER relied heavily on this partnership with Crook County, I was wondering if the NRC would want or like a copy of the agreement? We could provide it immediately or as part of the ER RAI response package. Just let me know. Also, we've begun work on a presentation for the 5/24 sidebar with the NRC in Denver and really hope that you will be able to attend. As soon as we have finalized discussion items, I'd to pass them along to you so that we are all on the same page. Take care and as always, let me know if you need anything from us.

Respectfully,

Ben

PS. Any progress on getting the Ross cultural report to SHPO? If so, I'd like to make LQD aware of the information exchange.
