Mr Torres,

Thank you for your call this morning and for making the changes to our RSO officer at our Indian Creek Plant.

Please find attached Mr. Ellis' certificate of training completion. I am copying him on this email so that you also have his current email address.

If you need anything further please contact either myself or Jason.

I have included the following from Mr. Ellis as well in case you do not have the following information.

Also, below is a statement of training and experience that I used in my application for RSO at Cricket Mountain.

"Mr. Ellis holds a bachelor's degree in Public Health/Industrial Hygiene from Utah State University. His program of study included the anticipation, recognition, evaluation and control of Radiation Safety hazards in the workplace. He possesses the credentials of a Certified Industrial Hygienist, a Certified Safety Professional and a Certified Hazardous Materials Manager. He has 11 years of professional work experience in health physics and radiation safety. Additionally, he served as the Radiation Safety Officer for Vertex Pharmaceuticals in San Diego, California – License Number 6336-37."

In his tenure as a radiation safety professional, Mr. Ellis has performed the following activities: contamination surveys, exposure surveys, contamination abatement, proper disposal of radioactive waste materials, decommissioning of licenses and controlled areas, annual reviews, and licensing/amending of licenses in both Utah and California."

Thank you
