**Subject:** FW: SUNSI Action: Calvert Cliffs, Unit 3, Response to Request for Additional Information RAI No. 301, Other Seismic Category I Structures. 10/31/2011

UniStar's letter with ADAMS Accession Number **ML11307A243**, dated October 31, 2011, provides response to Question Number **03.08.04-18** of your **RAI 301 (eRAI 5566)**. The response also includes a markup of the proposed changes to the applicable sections of the COL application based on the response to this RAI.

Please review the response and the FSAR mark up included in the response and appropriately status the applicable question in the eRAI system.

The above UniStar letter also provides a revised response date of November 4, 2011 for Question number **03.08.04-20** of the same RAI. In accordance with the previous UniStar letter (dated August 23, 2011), both these questions were to be answered on 10/31/11. I do not believe that this slight delay of 4 days will require an adjustment to the phase 2 completion date for your section.

Thanks.
