Rick

The following is the list of those going on the site tour on December 1:

NRC

Patrick Madden, Deputy Director, DNRL
William "Butch" Burton, incoming Branch Chief
Manny Comar, project manager
Alicia Williamson, incoming environmental project manager
Andrew Kugler, outgoing environmental project manager
Donald Palmrose, new radiological reviewer
Michael Willingham, new surface water hydrologist

PNNL

Steve Breithaupt, new surface water hydrologist
Corey Duberstein, new terrestrial ecologist

All are U.S. citizens.

I may have one more person coming – another NRC hydrologist. I should be able to confirm one way or the other early next week.

It's my understanding that only Manny Comar and Don Palmrose will be staying at the site for the afternoon extended tour.
